## Air Lite Donut Floor Sitter from Fun and Function Product Review

Does your child have low tone or issues with fidgeting? I know my son does, which reeks havoc on him staying on task and getting his work done.

So when I was contacted by the wonderful people at [Fun and Function](#) to do a product review for them on the [Air Lite Donut Floor Sitter](#) I jumped at the opportunity. Not only do I love this company, as I have purchased from them in the past, but this looked like such a wonderful product I couldn't wait to see how my son did with it.

(Disclaimer: these opinions are my own. I was provided with the Air Lite Donut Floor Sitter to facilitate this review. No compensation was received.)

## Special & Determined

The eyes are the windows to the soul. If you see what I see, then you see a beautiful, loving, special and determined little boy.

He's special not because of his "designer" genes as we like to call them, but because of his unconditional and selfless love for people. He truly has a magnetic and loving personality, and you can see it shine through his eyes.

He is determined to make our lives and the lives of those he meets better. He teaches us to love and to have faith that all things are possible.

He is making his mark on our community by spreading awareness, teaching that inclusion and acceptance of children with Down Syndrome is "cool", and I am determined to give him the voice and platform to do that.

This blog is to give a window into the beauty of Down syndrome and to share our everyday life with all it's special challenges. I look to share my perspective of why being a mother of child with special needs is truly a blessing! I also share product reviews, special needs resources and parenting tips.

To give you some quick benefits:

- Air-like seat cushion that allows kids to wiggle
- Encourages active circle time participation
- Comfy floor chair for reading or socializing
- Lightweight and transportable
- Inflate in seconds

Kids can sit longer, concentrate better when they have the soft support of the Air-Lite Donut Floor Sitter. Provides a soft seat, with just the right lateral (side) and back support for those children with low tone. (#specialneeds, #specialanddetermined)
